

**Christian Home-Educators of the Bluegrass  
Pre-Registration Form for Achievement Testing April 2010  
 Week of April 26-29, 2010, PLACE – TO BE DETERMINED  
 Testing Grades 1-12**

In order to estimate the number of testing slots we need to make available to our members next April, we will be pre-registering. We must pay for the slots several months in advance. If we estimate too high, we lose money because payment for too many slots has been made. If we estimate too low, all interested members can't test. We want to avoid running into these problems. A decision was made to pre-register for testing again this year. This payment is not refundable, but it will be applied to the balance that will be owed for testing next spring.

If you know, without a doubt, that your child(ren) will participate, please fill out PART A. A \$15.00 fee per child is required to hold a testing slot. **The deadline for pre-registration is 4:00 PM, October 31, 2009.**
